SUMMARY

Full-stack developer with a passion for web development,java,python developement and AI/ML. Skilled in building interactive web applications and developing innovative solutions, like AI-based traffic management and vehicle detection systems. Experienced in multiple hackathons, including Smart India Hackathon, with a strong focus on continuous learning and problem-solving. Seeking to bring technical expertise to a dynamic organization.

WORK EXPERIENCE

AI/ML Intern – Languify   JULY 2023

- AI/ML Intern – Languify.
- Developed AI/ML models for landmark detection, improving the accuracy of image recognition systems..
- Cleared the AI-900 certification, demonstrating a solid foundation in AI and ML principles.
- Attended hackathons and technical events, enhancing skills in machine learning and AI application development.

Hackathon Participant – Smart India Hackathon (SIH) 2023   NOVEMBER 2023

- **SIH 2023**: Developed a smart real-time parking management system using machine learning to optimize parking space allocation and reduce wait times.
- Collaborated with diverse teams to create innovative solutions, strengthening problem-solving and teamwork skills in competitive, high-pressure environments.

PROJECT

- *Smart Real-Time Parking Management System* – Smart India Hackathon 2023.
- I created a machine learning solution to optimize parking space allocation, enhancing user experience and reducing wait times.
- *Symposium Website* – College Project
- Designed and developed a responsive website for a college symposium, featuring event registration and information on speakers and sessions.
- **Landmark Detection using AI/ML – Languify Internship**
- Enhanced AI models for landmark detection, improving image recognition accuracy with Python and OpenCV.

EDUCATION

- *Bachelor of Engineering (BE) in Computer Science and Engineering*
- **Anand Institute of Higher Technology, KAZHIPATTUR, CHENGALPATTU-603103**
- *Expected Graduation: 2026*
- *CGPA: 8.5*

CERTIFICATION

- *Languify AIML internship certificate*.
- *AI-900: Microsoft Azure AI Fundamentals – Microsoft*
- *UDEMY COURSE mysql for beginners:complete beginners guide*
- *Docker basic unleashed udemy*

ADDITIONAL INFORMATION

- **Technical Skills:** Project Management,Java developer,Python developer,Web developer.
